

# Housewarming Boxes and School Supplies for IHS

Helping homeless families find a place to live is what the Institute for Human Services (“IHS”) is doing. To help with the transition to their new homes, FHB volunteers packed 100 Special Housewarming plastic boxes with dishes, cups, mugs, flatware, kitchen towels, bowls and scrubbies for the families. Another team of volunteers boxed school supplies to support the keiki (children) returning to school. It All Starts with YES!
