10. WHAT HAPPENS IF I APPLY FOR FORGIVENESS PRIOR TO THE END OF MY COVERED PERIOD?

- If you apply for forgiveness before the end of the Covered Period and have reduced any employee salary/wage in excess of 25 percent, there could be adjustments to your forgiveness calculation.
- We recommend consulting your CPA or financial advisor before doing this.

11. CAN I REQUEST FORGIVENESS IF I DID NOT USE ALL OF THE FUNDS WITHIN THE COVERED PERIOD?

Yes, but you will only be eligible for partial forgiveness on the PPP loan.

12. WHAT HAPPENS IF I DO NOT MEET THE REQUIREMENTS FOR LOAN FORGIVENESS?

You must repay the principal and interest amount of the unforgiven portion of the loan in accordance with the terms of the loan.

13. WHAT IS AN FTE AND HOW DO I CALCULATE IT?

- FTE stands for full-time equivalent; it measures how many full-time employees you have, along with the number of part-time employees that combine to work 40 hours per week.
- In order to calculate:
 - For each employee, enter the average number of hours paid per week, divide by 40, and round the total to the nearest tenth. The maximum for each employee is capped at 1.0.
 - You may elect to utilize a simplified method that assigns 1.0 for employees who work 40 hours or more per week and 0.5 for employees who work fewer hours.

IMPORTANT One method for calculation of FTEs must be used consistently throughout the forgiveness application.

If all or a portion of the debt is not forgiven, you must pay the balance in monthly installments before the maturity date (with interest accruing at 1.0% from disbursement of the loan through the repayment date). Please see your note for the maturity date. However, if your loan received its SBA Number on or after June 5, 2020, the term of your loan is five years due to changes made by the Paycheck Protection Program Flexibility Act of 2020 (the Flexibility Act). You were sent a Notice of Changes explaining the impact of the Flexibility Act.
