

2025 Fraud Awareness Webinar

Who is Webinar for?

Education about the current and changing payment fraud trends is key for long-term success in preventing payment fraud losses. Please share this link to register for Treasury Management Servicing's upcoming 2025 Fraud Awareness Update Webinar on October 6, 2025 (Hawaii), October 8, 2025 (Hawaii) and October 15, 2025 (Hawaii) with your customers and fellow employees.

Why the Need For This Webinar?

One of the most common emerging threats in the financial industry is the Business Email Compromise (BEC) scam characterized as "a sophisticated scam targeting businesses working with foreign suppliers and/or businesses that regularly perform wire transfer payments. The scam is carried out by compromising legitimate business email accounts through social engineering or computer intrusion techniques to conduct unauthorized transfers of funds."

According to the 2025 Payments Fraud and Control Report from the Association of Financial Professionals, **63% of businesses nationally surveyed experienced Business Email Compromise (BEC) attacks in 2024**, highlighting the ongoing threat to organizations nationwide. Meanwhile, the FBI's Internet Crime Complaint Center (IC3) reported **21,442 BEC incidents in 2024**, resulting in total losses of approximately **\$2.7 billion** to businesses.
